

# Production Paint Stripping Capabilities & Services

**NORTH  
AMERICA'S  
TRUSTED  
COATINGS  
REMOVAL  
PARTNER  
SINCE 1991**

PPS Limited is a proactive partner for chemical stripping, thermal stripping, powder coating burn-off, restoration services, paint system management, technical cleaning and low-pressure waterjetting. PPS works with you to provide dependable solutions, so your business operations stay efficient and effective.

The knowledgeable team at PPS will work closely with you to streamline production and deliver top quality work. Our state-of-the-art facilities run 24/7, giving us the capacity to manage large workloads and deliver a quick turnaround. Our tested and proven backup systems (multiple ovens, tanks and energy-sources) give peace of mind and ensure your operations run smoothly.
